About us

Founded in 2011 in Saigon, amaï ceramics are proud to be 'product of Vietnam'. The signature shape, distinguished by the very lack of a uniformity, is achieved by using the slip casting technique. Each piece is individually poured, trimmed and glazed by hand by craftsmen in the Northern delta of Vietnam. High-quality kaolin clay and high temperature kilning give amaï ceramics its delicate look while maintaining a robust body. A diverse color palette and unglazed, matte exterior are features that differentiates the using experience of amaï's ceramics from other popularized ceramic tableware. The statement of the brand has been consistently about balancing aesthetic with functionality. amaï products are tested for the hospitality industry. It is our great joy to be recognised in kitchens, dining rooms, restaurants and cafés all over Vietnam and the world.
